Course Description

This senior seminar explores the relation between those who make or administer law and select legal subjects whose lives and identities are shaped by law. As we study specific perspectives, students will debate and assess topics spanning such disciplines as psychology, sociology, history, humanities, cultural studies, political science, and criminology.

Course Goals and Learning Outcomes

Given that this is a senior seminar, the first objective is to encourage students to take ownership of the course. Other than a few opening remarks and guiding questions from the course instructor, the students themselves are responsible for setting the tone and tempo of the in-class experience. The second objective, related to the first, is to foster an environment of respectful and knowledgeable critique, which is essential to effective scholarly debate. This means that students must be exceptionally well-prepared on a weekly basis to not only answer, but also ask pointed questions that demonstrate your critical reading and thinking skills.

Submission of Assignments

Assignments must be submitted to the Instructor's email address by the deadline specified in the assignment instructions.

Missed Classes

Attendance at all seminar classes is required. If a student misses a one class, a 5 page review of the materials answering the questions for that day may be submitted by email once. If more than one class is missed, then official documentation must be provided to the Instructor before the next class setting out the reason for the missed class and a request made, if appropriate asking for authorization to submit a further 5 page review for that class in lieu of attendance. If no official documentation is received, the student can expect their absence to be reflected in their participation grade as a 0 for that class.

Late and Missed Course Requirements

Any assignment submitted after the date AND/OR the time that it is due will be subjected to a 3 marks per day late penalty; this is equivalent to 5%. The essay is marked out of 60, so an assignment that is assessed at 51/60 (85%), would fall to 48/60 (80%) if submitted one day late, 75% for two days, 70% for three... If an assignment is due at noon and is submitted at 12:01 pm instead, it will still be considered to be a day late. Please note that assignments will NOT be accepted if they are more than five (5) days late.

For all assignments and exams, accommodations will only be considered if:

- (a) you are ill and submit a University of Waterloo Verification of Illness Form to the professor **within 48 hours**;
- (b) there was a death of a family member, which you can prove through official documentation (travel receipts will not suffice) submitted to the professor;
- (c) due dates conflict with important dates on your religious calendar, and you have informed the professor of this fact within two weeks of learning about this conflict;
- (d) you are registered with [AccessAbility Services](#) and can provide the professor with the relevant documentation;
- (e) you inform the professor within two weeks of learning that you have an exam conflict, meaning a scheduled LS 101 exam is at the same time as, or is within two hours of another scheduled exam.

Familiarize yourself with the University of Waterloo's policies on what your responsibilities are in the event of a late or missed course requirement: <https://uwaterloo.ca/registrar/final-examinations/academic-regulations-related-assignments-tests-and-final-1>

Keep in mind the following regulations:

Students in on-campus courses who are ill and unable to meet assignment due dates or write a term test or final examination should seek medical treatment and provide confirmation of the illness to the instructor(s) within 48 hours by submitting a completed *University of Waterloo Verification of Illness Form* to support requests for accommodation due to illness.

The *University of Waterloo Verification of Illness Form* is normally the only acceptable medical

documentation and is available on line at <https://uwaterloo.ca/health-services/student-medical-clinic/services/verification-illness>. Students who consult their physician or use the services of an off-campus walk-in clinic must provide this form to the attending physician for completion; doctors' notes and forms created by the physician or clinic are normally not acceptable.

Electronic Device Policy

In the spirit of creating a classroom conducive to listening and learning, I would ask all students to restrict their laptop use during class to note-taking and to silence their cellphones and forgo texting. Research has shown that inappropriate computer usage not only affects your own grade, but impacts those around you as well. Your respectful consideration of others is very much appreciated. Your rights end where the rights of others begin.

Class Schedule

Everyone should do *all* of the readings however, you must at very least complete the **required readings for each class and ONE of the additional readings**. Seminar Leaders should be familiar with all of the readings for that week in order to lead their assigned session in a knowledgeable and effective manner.

Seminar Leaders should locate **one additional scholarly reading (min 7 pages, max 30 pages) and one additional news item**, and post these works to the relevant LEARN discussion group by **11:59 pm on the Saturday before class**. This content must illuminate some aspect of their assigned subject area and help focus the discussion for that session. The additional reading can be from a scholarly journal or book, while the additional news item can be from a news source, reputable blog or website, magazine; focus on finding timely sources that speak to a current event.
